Province speeding up second-doses

Alberta's vaccine rollout continues to reach new milestones, with more than 2.8 million doses administered to date and 63.4 per cent of Albertans aged 12-plus having received at least one dose, the province stated in a release on June 1, 2021.

Albertans will be able to schedule second-dose appointments in the order they received their first doses.

- Anyone vaccinated in March or earlier can book their second dose starting June 1.
- Anyone vaccinated in April can book their second dose

starting June 14.

- Anyone vaccinated in May can book their second dose starting June 28.

A single dose of COVID-19 vaccine offers at least 80 per cent protection against severe outcomes, including hospitalization and death.

However, second doses are needed to get the best and most long-lasting protection against the virus.

Alberta is a national leader in second doses, with 10.4 per cent of eligible Albertans already fully protected with

Province speeding up second-doses

continued from front

two doses. "Every Albertan who has received their first dose of COVID-19 vaccine will be able to book their second dose by the end of the month. This will provide Albertans with even more protection as we get ready to be open for summer and get back to normal. Please do your part by booking your second doses so we can beat COVID-19, once and for all," stated Premier Jason Kenney.

"First doses have brought Albertans much-needed relief to our families, our communities and our health system, but two doses are necessary for full protection. We are staggering the second-dose rollout to start with those who received their first dose earliest. Thank you to the AHS workers, pharmacists and physicians who continue to work tirelessly to administer these vaccines and to all Albertans who have chosen to get protected," stated Tyler Shandro, Minister of Health.

"I strongly urge all Albertans to book their second-dose appointments in the coming weeks and months. It is critical that everyone who has received their first dose shows up for their second. In the meantime, we all need to continue to follow public health measures to keep driving transmission down," stated Dr. Deena Hinshaw, chief medical officer of health.

Booking a second-dose appointment:

Where possible, AHS

and participating pharmacies that administered the first dose will contact Albertans to remind them they are eligible for their second dose.

However, Albertans do not need to wait to be contacted to book an appointment once they become eligible. Albertans can choose to book a second dose wherever they wish to be immunized.

Appointments for second doses can be made online through the AHS website, by calling 811 or through participating pharmacies and physicians' offices. Second doses will be available on a first-come, first-served basis.

While the interval between first and second doses will start at 12 weeks, Alberta will now be able to offer second-dose appointments at progressively earlier intervals, provided vaccine supply remains stable.

- For Pfizer and Moderna, the interval will be lowered over time to a minimum of three to four weeks as supply becomes available and we work through the eligible groups.

- For AstraZeneca, the interval will be lowered over time to a minimum recommended length of eight weeks or more for best effectiveness.

AstraZeneca:

Albertans who received an AstraZeneca dose in March or earlier can now book second-dose appointments. Anyone who received it in April or May should wait

until eight weeks have passed since their first dose before booking.

Albertans who received a first dose of AstraZeneca will have a choice:

- book a second appointment for AstraZeneca by going to the online AHS booking site, calling 811, or going to a pharmacy listed on the Alberta Blue Cross website

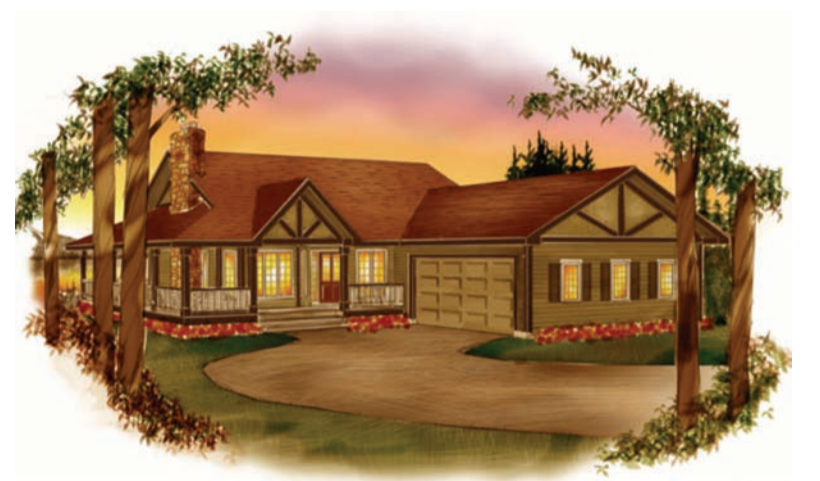

- book a second appointment for an mRNA vaccine through participating pharmacies or AHS

First doses

Bookings for first doses remain the top priority. Albertans who have not yet received their first dose of vaccine protection are encouraged to book an appointment as soon as possible.

Alberta's government is responding to the COVID-19 pandemic by protecting lives and livelihoods with precise measures to bend the curve, sustain small businesses and protect Alberta's health-care system.

THIS WEEK'S FEATURE Mint Homes Ltd.

Features:

Three bedrooms and two full bathrooms. This very appealing bungalow has a unique right angle garage. The covered wraparound veranda add character and charm and allows one to enjoy the views from the country styled interior. The garage has access to the laundry / mud room. A vaulted ceiling and elegant fireplace accentuate the great room and dining room areas. A corner walk-in pantry and a family eating bar is featured in this spacious kitchen.

HIRING IMMEDIATELY! INSTRUMENTATION FOREMAN

Connect Energy Services is a rapidly growing Electrical / Instrumentation company with lots of room for advancement. We are seeking a Journeyman Instrumentation Technician to join our Edson team. We offer competitive wages, clothing allowance and a full benefit plan. Expected duties include:

- Install, calibrate, test, troubleshoot and maintain instrumentation equipment on new or existing sites
- Troubleshoot instrumentation, electrical and control equipment
- Consult manufacturers' guidelines to determine test and maintenance procedures
- Use pneumatic, electrical and electronic testing devices to inspect and test instrument and system operations and to diagnose any faults
- Consult with and advise process operators
- Repair, maintain and adjust system components, remove and replace defective parts
- Calibrate and maintain components and instruments as per manufacturers' specs
- Coordinate and be responsible for instrumentation jobs and ensuring Connect's policies / procedures are followed
- Mentor apprentices
- Understand the need to prioritize work schedules to meet goals

Requirements: Journeyman certification, experience in small oilfield maintenance and working in a live plant, CSTS, a clean drivers abstract and valid class 5 drivers license, other safety tickets / orientations as necessary.

Preference will be given to individuals that live within commuting distance of Edson. May be required to provide evidence of a satisfactory A&D test in accordance with Connect's A&D Policy.

Please send your resume outlining relevant experience to:
admin@connectenergyservices.com

Town appoints new CAO

by Adrienne Tait

It's official! Edson Town Council welcomed Edson's new Chief Administrative Officer, Christine Beveridge, at the regular Council meeting on June 1st when they appointed her the new CAO.

Edson Mayor Kevin Zahara said there was a "large amount of interest" from across Western Canada in the position when posted but, during the interview process, Beveridge stood out from the other applicants. "CAO Beveridge was familiar with our strategic goals and planning matrix, did research about our community, and brought a level of energy that we were looking for," said Mayor Zahara, "Her past experience working in rural communities, involvement with AUMA and overall skill set are all elements that will be beneficial to our organization and the community."

CAO Beveridge says she was drawn to Edson for, "The opportunity to lead an organization that is progressive and striving towards providing an enhanced quality of life for the community."

With over 20 years experience in municipal government including working with urban and rural communities, most recently serving as CAO for the Town of Lamont, Beveridge's resume includes serving on the Alberta Urban Municipalities

Association's (AUMA) Municipal Governance committee, as well as previous positions in Parkland County, Westlock, and Fort Saskatchewan. "I have had the tremendous opportunity to create a positive impact in many different capacities throughout my career," said Beveridge.

Clear communication, accountability, and transparency are the keys to fostering effective municipal governance according to Beveridge. Initially she will focus on learning about the community but looks forward to identifying opportunities for enrichment and providing insight once she has had time to assess.

"I am delighted to finally be here," CAO Beveridge told council at the meeting, "I look forward to leading this amazing organization and supporting council and the community as well; and working towards the goals that have been set for the community. There are some fantastic things on the horizon."

Mayor Zahara said, "We are looking forward to having Christine as a part of the team and pass on our sincere appreciation to General Manager of Corporate Services Sarah Bittner for stepping into the CAO role during the transition period."

Westhaven Green shack "adoptee" highlight

by Anna Vander Haeghe, Chairperson Early Childhood Matters Coalition -Edson & Area

The Early Childhood Matters Coalition has been an active community coalition in the Edson and area since 2013. We are a passionate group of local people that are keen to support the importance of the early years by helping provide opportunities within our community for the early childhood programs to support each other and work together. Additionally, we provide information to your community on activities and programs that are available for families raising young children.

One of our projects that we are very proud of is the Green Shacks. We have been instrumental in obtaining 12 shacks for the town and county over the past few years and supplying them with summer and winter supplies. We have also, mostly on volunteered time, looked after the town shacks along with the incredible support of the Town Parks & Rec department and multiple county locations.

Today we would like to highlight the Schalm family for their instrumental role in 'adopting' the Westhaven Shack. Kristine, Nathan and their boys are a busy young family who love the outdoors. Hiking, geocaching, biking and going camping are some of their favorite ways to

enjoy the beautiful area that we live in. Kristine is involved in many charitable non-profit organizations in Edson area, volunteering countless hours of her time to helping make the community better.

The Schalm family have been able to keep the Westhaven Green Shack open during the past year as a safe location to be able to have some fun doing physical outdoor activities with your child. They are looking forward to being able to have block parties, paint parties and bring new ideas to the Shack in the future when Covid

restrictions ease. Please show respect for the equipment and this amazing resource in the Westhaven community.

Thank you, Kristine, Nathan and Family! Without the support of our amazing community, we would not be able to continue to provide a shack with unlimited outdoor gear for use anytime. If you know Kristine & Nathan, please give them a huge THANK YOU for what they do. And please help by keeping the Shacks tidy when you use them.

If you are interested in donating equipment/supplies to a

community shack please reach out to your fb community league or contact us via fb or email (edsonearlychildhoodmatters@gmail.com). If you are part of a company who would like to partner with a Green Shack Adoptee please contact us. Together we can continue to provide this great outdoor option or families especially during these restricted times.

Province-Wide Survey Identifies Rural Housing Challenges

(YC) In the fall of 2020, Yellowhead County took part in a large-scale, collaborative effort to measure homelessness throughout the eastern rural areas of the county. Within the county, 22 respondents (61% of total respondents) were found to have housing conditions that are considered to be insecure and/or absent.

According to this survey, a lack of money, unaffordable rent or mortgage, mental health struggles, and medical conditions are the primary pressing concerns for eastern Yellowhead County residents with insecure housing.

“It can be really difficult to know how to help people, if you don't understand the scope or characteristics of a problem,” says Wendy Robinson, Family and Community Support Services (FCSS) Supervisor. “Thankfully, we were able to complete the survey prior to many

businesses and services shutting down in the fall. This is important, because housing insecurity has the potential to become an even greater issue going forward.”

The project, known as the Rural Housing and Service Needs Estimation, saw over 24 communities across Alberta survey a total of 1,800 respondents and was overseen by the Rural Development Network and funded in part by Reaching Home, the Government of Canada's official homelessness strategy.

Over a 30 day-period, service agencies invited residents to fill out a survey that asked questions about their housing situations, their employment, and the kinds of services they currently need and receive. Since homelessness also includes living conditions that aren't permanent and reliable, this method was used to identify individuals living in all four kinds of homelessness as defined by the

Canadian Observatory on Homelessness.

Responses will be used to develop strategies to fill identified gaps in service. This is the first step towards ensuring no one gets left behind in Yellowhead County. Participation in future projects will help improve services by measuring their effectiveness.

Yellowhead County FCSS would like to thank our partner agencies, including WEE Food Bank, Yellowhead County Libraries, and the Yellowhead Emergency Shelter. Most importantly, we'd like to thank the people that took the time to share their experiences. Their stories provide a guide map for how they can be better supported, and preventive strategies implemented.

Survey results can be online at www.ruraldevelopment.ca or www.yhcounty.ca.

Celebrating Seniors' Week

(YC) Yellowhead County would like to thank all of our incredible seniors for all that they do to keep our communities vibrant and thriving.

This year, Seniors' Week runs June 7 to 13. We hope that friends and families of our older adults are able to wish them well and connect in a safe way!

To celebrate Seniors' Week in all Yellowhead County communities, our Family and Community Support Services (FCSS) department would like to offer a FREE Just in Case planner to our seniors.

The Just in Case planner is a fillable booklet of all your important information for use in an emergency (when you cannot communicate this

information to your family). With this information, you will:

- Feel better about your ability to plan ahead.
- Know more about how to prepare for the future.
- Know that your trustees can easily access your important info.

Seniors can call our Wildwood Office at 780-325-3782 or 1-800-814-3935 and register to receive/pick up a planner. We'd also like to remind older adults that they can call 2-1-1, a 24/7 hotline, that can help them locate whatever community resources they may need in an anonymous and safe fashion.

Happy Seniors' Week!

Thank you, seniors, for your important contributions to our province and country.

NEWSPAPERS
MATTER
NOW MORE THAN EVER

Stage 2 could begin as early as June 10

If we all don't apparently behave like our Premier, that is...

With over 60 per cent of eligible Albertans vaccinated, Stage 2 easing could begin on June 10, subject to hospitalizations being below 500 and trending downwards.

The two-week waiting period begins once the 60 per cent trigger has been met to provide time for the vaccine to take effect.

The province has reached another milestone, with the number of people hospitalized due to COVID-19 dropping to only 478. If this trend continues, Stage 2 easing of restrictions could start on June 10.

"This decline in the number of people in hospital due to COVID-19 shows that Albertans' efforts to stick to guidelines and to get vaccinated are paying off. As long as hospitalizations stay below 500, we will move into Stage 2 on June 10 and be one step closer to having an amazing and fully open Alberta summer," stated Premier Jason Kenney.

With the vaccination program protecting more and more Albertans, and fewer people in hospital due to COVID-19, it certainly seems we are finally on the right track to a safe reopening.

"The next two weeks will be a critical time for Alberta. The more we can drive our numbers down in the next few weeks by all following public health measures, and the more Albertans who are protected by immunization, the more successful we will be in our opening," stated Dr. Deena Hinshaw, chief medical officer of health.

Unfortunately, Premier Kenney seemed to immediately ignore Dr. Hinshaw's good advice. The Premier, Health Minister Tyler Shandro, and an assortment of cabinet ministers were photographed dining on the cozy balcony of the 'Sky Palace' in Edmonton, on June 1 — apparently in clear violation of the government's own Covid-19 social gathering restrictions.

In the photographs posted on news networks and social media, nobody is seen wearing masks and the majority of people, including Premier Kenney, were not physical distancing. Plates and bottles of alcohol can be seen on the large shared table.

Current restrictions clearly state for dining on patios, parties should be limited to four per table, all from the same household.

The attitude of 'do what I say, not as I do' is the height of hubris and hypocrisy and sours what should be a shared, joyful sigh of relief that we are finally coming to the (cautious)

**From the
Publisher's Desk**
Dana McArthur
Member Canadian Association of Journalists

end of this dreadful pandemic.

But getting back to the good news, is that 60 additional

physician clinics throughout the province will join the vaccine rollout in the coming weeks, following the 20 clinics across the province that participated in a successful pilot.

Restrictions eased in Stage 2 of the Open for Summer Plan

- Outdoor social gatherings increase to 20 people, with distancing.
- Wedding ceremonies may occur with up to 20 attendees. Receptions are permitted outdoors only.
- Restaurants may seat tables with up to six people, indoors or outdoors.
- Dining parties are no longer restricted to households only.
- Physical distancing and other restrictions still apply.
- Retail capacity increases to one-third of fire code occupancy (must maintain ability to distance).
- Capacity for places of worship increases to one-third of fire code occupancy.
- Gyms and other indoor fitness open for solo and drop-in activities with three-metre distancing between participants and fitness classes may resume with three-metre distancing.
- Indoor settings may open with up to one-third of fire code occupancy, including indoor recreation centres. This includes arenas, cinemas, theatres, museums, art galleries and libraries.
- Indoor and outdoor youth and adult sports resume with no restrictions.
- Youth activities, such as day camps and play centres, may resume, with restrictions.
- Personal and wellness services can resume walk-in services.
- Post-secondary institutions can resume in-person learning.
- The work-from-home order is lifted but still recommended.
- Outdoor fixed seating facilities (e.g., grandstands) can open with one-third seated capacity.
- Public outdoor gatherings increase to 150 people (e.g. concerts/festivals), with restrictions.
- Distancing and masking requirements remain in effect.

Indoor masking and distancing requirements will remain in place throughout this stepped approach and some degree of restrictions will still apply to all activities within each step.

Additional details on the current restrictions are outlined at alberta.ca.

Other investigations included: Assault 4; False/ Abandoned 911 call 2; Fraud 2; Theft complaints 9; Harassment/Criminal Harassment 2; Lost/Found Property 2; Mischief or Damage 8; Suspicious Persons 8; Assistance Calls 6; Traffic Collisions 8; Trespassing 4; Mental Health 4, and Wellbeing Checks 3.

Self-employed workers who repaid the CERB to be reimbursed

OTTAWA: Gerald Soroka, Member of Parliament for Yellowhead, wishes to advise that starting on

Gerald Soroka
MP Yellowhead

submitting their applications to the CRA.

Self-employed workers whose net self-

employment income was less than \$5,000 and who applied for the CERB will not be required to repay the CERB, as long as:

- They have filed their 2019- and 2020-income tax returns by December 31, 2022.
- Their gross self-employment income was \$5,000 or more in 2019 or in the 12 months prior to their initial application; and
- They met all other CERB eligibility criteria.

The CRA will begin processing applications after June 15, 2021. Eligible Canadians who repaid the CERB can expect reimbursements within approximately 90 days of

employment income was less than \$5,000 and who applied for the CERB will not be required to repay the CERB, as long as:

- They have filed their 2019- and 2020-income tax returns by December 31, 2022.
- Their gross self-employment income was \$5,000 or more in 2019 or in the 12 months prior to their initial application; and
- They met all other CERB eligibility criteria.

The CRA will review the 2019- and 2020-income tax returns of workers in this situation to verify that these conditions are met.

GYPSED Transportation Services FAQ and Information Guide

What Transportation Services are Offered through GYPSED?

GYPSED strives to offer a range of services that are fair and equitable. Board Policy 17 is aligned with the province's *Education Act* and the *Student Transportation Regulation*. Services are available for:

- **Eligible:** Students who live more than 2.4 km away from their designated school
- **Ineligible:** Students who live less than 2.4 km away from their designated school
- **School of Choice:** Students who chose to attend a school other than their designated school
- **Transportation Out of District:** Students who chose to attend a different school jurisdiction
- **Alternate Second Seat:** Students who require a reserved second seat on a different bus to an alternate address

What Transportation Services are School Jurisdictions Funded to Provide?

Alberta Education Transportation Funding is for:

- Students residing more than 2.4 km away from their designated school
- Students with special needs who require specialized transportation

Under the School Transportation Regulation, school jurisdictions are not required to transport students beyond their designated school.

How Do I Determine my Child's Designated School?

Please visit the Division's website at www.gypsd.ca under **For Parents/Student Transportation** and enter your home address on the link *What is My Designated School?*

Why does Transportation Services Charge Fees for Some Services?

Fees are established to support transportation services for the jurisdiction's families who request them and to ensure classroom dollars are not being used to address transportation service funding gaps.

User fees are charged to parents of students who access transportation services as a way to recover the unfunded costs. GYPSED service fees are amongst the lowest in the province.

How is Eligibility for Transportation Determined?

- Alberta Education provides funding to eligible riders only.
- The distance of 2.4 kms for busing to the student's designated school is set by Alberta Education.
- The government sets eligibility based on the student's primary residence address and distance from home to designated school.

Do I Need to Register for the Bus?

NEW for the 2021/2022 School Year: All **new** and **returning** students requiring transportation services must register. Registration is now open.

How Do I Register for the Bus?

Registration for transportation services is at www.gypsd.ca under **For Parents/Student Transportation**. Only eligible riders are guaranteed a seat each year. All other riders are subject to seat availability.

Need more information or assistance?

- Please call Transportation Services at 780-723-4471
- Send your email to transportation@gypsd.ca
- Visit the GYPSED website to access Board Policy 17, Appendix A Transportation Fees and Appendix B Occasional Rider Request Form

Remove weeds and other combustible debris from area surrounding large stationary propane tanks.

SENIORS' WEEK 2021:

▶ FREE Emergency Planners!

To celebrate Seniors' Week (June 7 - 13) in all Yellowhead County communities, our Family and Community Support Services (FCSS) department would like to offer a **FREE Just in Case** planner to our seniors!

The **Just in Case** planner is a fillable booklet of all your important information for use in an emergency (when you cannot communicate this information to your family). **With this information, you will:**

- Feel better about your ability to plan ahead.
- Know more about how to prepare for the future.
- Know that your trustees can easily access your important info.

Seniors can call our Wildwood Office at 780-325-3782 or 1-800-814-3935 and register to receive/pick up a planner in June.

On behalf of Yellowhead County council and staff, we thank our seniors and older adults for all that they do to keep our communities great!

LIFE SKILLS BOOTCAMP

REGISTER ASAP:
780-325-3782
slabrie@yhcounty.ca

This bootcamp aims to help youth build daily living skills—essential skills for youth looking to move out on their own. Skills include:

- Cooking
- Social & Lifestyle Choices
- Budgeting
- Staying Healthy
- Basic Home & Car Maintenance
- Living on Your Own
- Post-Secondary Options
- Career Exploration
- And more!

For ages 14 - 18. Cost is \$20. Camps run 10:30 AM - 2:30 PM.

Peers Camp (Multiplex):
July 20, 27; August 3, 10, 17

Evansburg Camp (Museum):
July 21, 28; August 4, 11, 18.

Registration is required!

YELLOWHEAD-OPOLY

An interactive twist to one of your favorites!

Our game will get you on your feet, out in the community and even trying new things!

And the best part of all—you're playing to win a **SUPER** cool prize, not just table bragging rights.

Register with your family or group to start your interactive adventure!

Call us at 780-325-3782 or email abarrett-hamilton@yellowheadcounty.ab.ca.

Supporting Farmers' Mental Wellness

A Two Part Zoom Presentation: June 16 & 17

This **FREE** 2-part online presentation is for anyone who farms, knows a farmer, or has a general concern and interest in the mental wellness of farmers.

Come away understanding farming cultures, stressors, and learn how we can support each other.

Register by calling 780-325-3782 or email slabrie@yellowheadcounty.ab.ca.

Part 1: June 16

Time Choices:
Morning: 9 - 10:30 AM
OR Evening: 7 - 8:30 PM

Part 2: June 17

Holy Redeemer Graduation was One for the Ages

(HRH) It goes without saying that this past school year has been one that has been deeply challenging on so many levels. There were many new rules and protocols, along with transitions between in-person learning and online

schooling. So when Holy Redeemer held their Graduation on May 29th, one could easily say these students have overcome so many challenges to get here that it made the whole celebration all the more sweeter.

“These students have

had everything thrown at them over the last year,” says Principal Betty Churchill referring to the countless COVID protocols and changes, combined with the regular stress of being a student in grade 12. “Each of them should be tremendously proud at how they have persevered over the last year to get to this point. I know I'm proud of them and so is our entire school community.”

With the current provincial restrictions in place, many of the usual Graduation functions had to be dramatically changed or cancelled. “We set the date for May 29th and no matter what the current conditions would be at that time, we were committed to celebrating our Grads that day,” says Churchill. With this in mind, the Grad was changed to have some virtual components and some in-person components.

The first virtual component came from the creation by Teacher Paul Tobin who worked for months ahead of time collecting video footage to put together in an hour long presentation. The

video included many of the aspects you would usually find at the annual Graduation Ceremony such as speeches from Edson Mayor Kevin Zahara, Yellowhead Member of Parliament Gerald Soroka, and Living Waters Trustee Gemma Christie, along with the Valedictorian Address from grade 12 student Jaci Knight, and the students 'walking across the stage' to accept their diplomas. Intertwined in the video was a mixture of music and montages that will bring everyone to tears as they watch these young men and women graduate.

“As I'm sure many of us students can say we never could have even begun guessing how our years at HRH would progress,” says Knight during her Valedictorian Address. “And although it has been a pretty crazy road for many, if not all of us, our time in high school was an amazing and important stepping stone in our lives.” Knight also remarked on the many memories she has with friends and teachers, and how she and so many others have grown so much into who they are today because of their time at HRH.

The next virtual display was made by HRH Technology Facilitator Cheryl Fogarty who developed the Liturgy led by Father Thomas and liturgical readings from

many of the Grads. Within the video, there was a special moment to recognize Shandy Reichenbacher, a fellow student who tragically passed away of cancer while this class was in grade 6 at Vanier in 2015. “Memories of Shandy bring to mind thoughts of kindness, acceptance, patience, strength, and faith,” says graduating student Mekha George. “Her legacy speaks volumes about the wonderful individual she truly was and she will live on in the hearts of all who knew her.” Graduating student Jayna Fedorak also shared a special memory of Shandy when they were young collecting dandelions and grass at recess to make beautiful bouquets in the schoolyard. “The image that stayed so clear in my mind was Shandy, dandelion tucked behind her ear, with her big blue eyes and her beautiful smile looking at me,” she says. “When I think of this day, I am filled with the feeling of pure love, joy, freedom and spirit, and I am reminded of why that day and every day spent with Shandy were so special.” Graduating student Brooke Grycak also had fond memories of Shandy including Brooke's first day of school at Vanier where she was new student, but all that changed when Shandy said 'hello' to her. She also recalled Shandy's 11th birthday

party. “Although Shandy was already very sick at the time and was unable to move very much our friends had a wonderful time sharing spooky stories and playing games as we slept in the driveway in her family's camper.” In addition to their wonderful tribute, the Grad Class will be making a donation to Shandy's Dream for a Cure that supports brain cancer research.

The live portions of the Grad were equally as important. On May 26th, the school organized a group photo and the annual Cap Toss on the field behind the school.

On May 27th, the Grad Class organized a school-wide formal day that would see the entire school dress up, but most importantly the Grads would have an opportunity to wear their suits and grad gowns. The Grad Class then paraded through the hallway as a part of their Grand March while the entire school body clapped and cheered.

Saturday, May 29th, was the official Graduation Day. Keeping the provincial protocols in mind, the school organized a special “drive through Grad”. Families would pull into the parking lot where the student would step out and accept their diploma from Mrs. Churchill. “Despite this being very different from our traditional Grad, it did not stop each and every one of our Grads from smiling from ear to ear,” says Churchill, who added that they have a right to be happy. “This is a momentous day, no matter what the circumstances. They have worked so hard and deserve their moment to be recognized.”

With the 2021 Graduation Celebration now over, the Grad class turns their attention to the future. And no matter what each Grad chooses to do, you can bet that if they can graduate in the middle of a pandemic, then they can achieve just about anything in their future.

To watch the videos or see more photos from the Graduation Celebration, go to

holyredeemerhigh.ca.

~ Obituary ~

Patrick Stewart Robinson

It is with much sadness that our family announces the sudden passing of Patrick Stewart Robinson on May 22, 2021, with his wife and daughters at his side. Pat was born July 18, 1938 in Edson, AB to parents Sam and Velma Robinson. He lived his entire 82 years in Carrot Creek, most of them on the Robinson quarter that has been in the family for over 100 years.

Pat will be lovingly remembered by Judy, his dedicated wife of 51 years; four loving children Kristy (Paul), Jackie (Mike), Jim (Tanis) and Rob; as well as his six precious grandchildren Megan and Jack Williamson, and Alyssa, Nicole, Derek and Reid Robinson.

He is survived by his sister Susan (John) Dolanz, his sisters-in-law Lucy Robinson and Barb Madden, his brother-in-law Robert Mackay, and numerous family and friends that will dearly miss him, especially his dear friend Joe Bollo.

Pat was predeceased by his parents Sam and Velma Robinson and his siblings Jack Robinson, Herb Robinson and Shirley Mackay.

He lived a life of vitality and purpose, from his hurried pace to his need to stay busy. Pat loved to work and rarely sat down; but when he did, he enjoyed playing crib and telling stories from his adventurous younger days. He had a passion for flying his Cessna 185, especially to the north with his friends. Pat loved fishing, hunting, trapping and spending time in the bush. He was a good teacher, be it driving, navigation, or nature survival skills. Pat had loyal and caring friends that he enjoyed spending time with.

Due to Covid, a private family service will take place at a later date.

Many thanks to Dr Rudi Gous from the Edson Medical Centre for his exceptional care of Pat.

~ Obituary ~

Richard Allan Sylvester

Richard Allan Sylvester (1947-2021), passed away on Saturday, May 29th after a courageous battle with pancreatic cancer. Rick was surrounded by his wife, Linda and his sons, Jamie and Aaron, and got to leave this world on a sunny, beautiful day in the Okanagan, just as he had planned.

Rick was a Navy veteran, a third class power engineer, a pilot, an adrenaline junkie, meticulous and detailed in all he did. He led a full life.

Rick grew up in Edson, son of Richard & MaryLou Sylvester, brother to Patricia and Lynne. After the Navy, Rick returned to Edson to marry the love of his life and start his beautiful family. Rick & Linda raised their family in Edson until they eventually moved to Osoyoos, British Columbia. Rick was a devoted husband to Linda over the past 52 years, a loving father to Jamie (& Pesei) of Katy, Texas, Aaron (& Amy) of Okotoks, Alberta and the best Papa ever to his 6 grandkids (Clark-11, Jackson-5, Charlotte-4) and (Austin-8, Nash-6, and Emelia-14 days), respectively.

Rick loved flying his plane and we take solace in knowing he will always be looking down on friends and family. Rick will be missed by all those who knew him.

The 2021 Graduating Class at Holy Redeemer celebrate their graduation during the annual cap toss. This year's Grad looked very different from years past, but that did not deter these young men and women from celebrating their special day. "We are so incredibly proud of our graduates," says Principal Betty Churchill. "They have persevered over this past year throughout all the many changes and protocols. On behalf of our entire school community, I want to congratulate each and every one of these young men and women on a job well done."

Congratulations!

One of the new hobbies that my young son and I are going to try this year is fishing.

I think it's a great way to spend time outside, and hangout together. There are a lot of nice places to fish in the area, so that's a nice option to have.

There are some attributes to fishing that are needed to hopefully have some success and catch a few. I am sure there are many more, here are just a few to consider.

I think we need to be patient. It could take some time, even a few hours before you even get a nibble let alone catch a fish. I know lots of variables play into this, like the weather and the time of year.

We also need to be able to persevere during times when we don't catch anything in a day, or a dry spell that could last a few trips out. We keep pressing on because we love to fish, and when we begin catching fish again it was worth the wait.

I also think having some knowledge of what kind of bait to use and knowing what kind of fish are in the lake that you drop a line in is helpful.

This kind of experience can sometimes make the difference from wanting to throw your gear and rod into the lake, to enjoying the process. If you are just starting out like me, these skills and knowledge will hopefully come over time.

People have been fishing for thousands of years. The Bible talks about fishing. Jesus called fisherman to follow him to learn about him, and to share the message of hope and joy that comes in following Jesus. He told these fishermen that he will show them how to be fishers of men. It's a language that they would have understood.

Going fishing...

As this mission began this group of ragamuffins needed the attributes of patience and perseverance to follow Jesus and to share with others.

Just like this group, there are going to be times when life is just not going the way we planned. In these times we need to be patient and continue to

persevere. Having Jesus on the journey with us, will make this more of a reality through the hope that comes in Him.

Matthew 4:19- And he said to them, "Follow me, and I will make you fishers of men."

Yellowhead County FCSS Seeks Residents' Input

(YC) Yellowhead County's Family and Community Support Services (FCSS) Department is looking for public input about FCSS programs and services! We want to hear from you to better serve our residents' needs going forward. To fill out our quick and anonymous online survey, visit www.bit.ly/FCSS21.

Survey ends June 21st. Curious about what FCSS is? It's an 80/20 funding partnership between the Government of Alberta and Yellowhead County. It's based on a shared understanding that municipalities are in the best position to assess community needs and set priorities, as well as support individuals, families,

and communities through preventative social programs and services. How does FCSS serve your community? Our programs and services are preventative in nature and focus on these core ideas:

- Helping people develop independence, strengthen coping skills, and become more resistant to crises.
- Helping individuals

and communities assume responsibility for decisions and actions that affect them.

- Supporting people in developing skills to have healthy relationships with others.
- Providing supports that help people participate in the community.
- Building awareness of social needs.

So don't miss your chance to have your say, visit www.bit.ly/FCSS21!

KID'S CORNER

This is 6 year old Drew Pillage who is a Grade 1 student at MBE. Drew enjoys gymnastics, riding her scooter, and doing tie dye. Drew aspires to be a Chef when she grows up. Drew says her favorite school subject is "Math because Dad and I are good at it." Her favorite recent memory is holding her cat, and if she could be any animal she'd choose to be a puppy because they're really cute. When asked what she is most looking forward to this summer, Drew said, "Staying up late and sleeping in!"
